Student Center Complex
Student Organization Suite Policies

The Shalala Student Center’s Student Organization Suite is open and accessible to all undergraduate and graduate students at the University of Miami. The suite is intended to provide space for students and student organization leaders to meet, collaborate, socialize, and foster academic success. With iconic views of Lake Osceola, the Student Organization Suite is the ideal space for students to work on classwork, plan campus events, connect with peers, and much more.

These community guidelines are a way that we can safeguard the integrity of the Student Organization Suite to be that communal space for our students and student organizations. Failure to abide by these community guidelines may result in a review for termination of your respective student organization’s lease and/or review for suspension or deactivation of your student organization.
